

MOEN'S New Moon Lodge

- BULLETIN -

Lake of the Woods

Morson, Ontario

This will be the third bulletin to the guests of New Moon Lodge. This one covering 1960's events, and the plans for the coming season, that have us already enthused.

As a wonderful 1960 came to a close, we look back with many fond memories, of friends, whom we enjoyed having with us, and as we enter 1961 we sincerely wish each of you the very best in health and happiness, and that we will have the pleasure of having you back with us. We would like to take this opportunity of thanking all of you nice folks for being with us, and making the past summer one we will never forget.

HEADLINES FROM 60's SEASON:

Again we presented trophies to four lucky anglers and one big game hunter, names as follows:

Mr. Frank Perz of Chicago, Ill., has much to be proud of. He has fished a long time for Muskies, but he brought his daughter, Joan, up and she caught a six pound Northern. It got Frank going and before he stopped he had three Muskies - the largest one weighing 31 lb., and that wasn't all, his brother, Bob, caught one weighing 17 lb., so the Perzs had a real summer.

Mr. Irving Dummer of Chicago, Ill., caught the largest Northern, weighing 16½ lb. Mr. Dummer and his friend visited us for the first time this past summer, and we are looking forward to having them all back with us this coming June.

Mr. John Van Duzer of Chicago, Ill., caught the largest Bass, weighing 3½ lb. This was John's first trip, and we hope to have you with us again this coming season.

Mr. Tom Briscoe of Chicago, Ill., caught the largest Walleye, weighing 3½ lb. Tom has been with us every summer since we opened camp, and we always enjoy him and his friends.

Mr. Fred Zeigler of Gary, Ind., was the lucky hunter to get a 12 point Buck. If only I could remember the stories the hunters come home with each evening I wouldn't have much trouble to write a book. They sure have a good time, and why not when they can travel about the woods all day so close to nature.

1960 was a very prosperous year for us at New Moon Lodge - the new cruiser which is wonderful, a new skiff, a guides' cabin, more docking space, and two more ten h.p. motors, and many more improvements around camp.

Most of the old guests returned last summer and many more new ones, and they all stayed a lot longer. Most of them stayed a week to ten days, and then some of them as long as three weeks, with many making two or three trips. It is so nice to see you often.

Dr. Seidl joined the Muskie fishermen too, and while out fishing one day with the Moores, Doc brought in a 14 pounder. I suppose now that Jerry knows how it's done he'll get his this summer.

Ducks were very plentiful this fall, so John Timmons and Senter Langdon thought when they filled their limits with Mallards.

The deer hunters done very well and also took home two bear, and ducks and some partridge. Julius Ekert of Gary, Ind., and party of fourteen, were the last guests at camp this year, and have already made plans for '61, which makes us very happy.

PROSPECTS FOR '61:

With a new fishing season coming does any of your family or friends have any of these symptoms: It is very contagious to adult males. Continual as to the need of fresh air, sunshine and relaxation. Patient has blank expression, sometimes deaf to wife and

kids. Frequent checking of tackle catalogue. Hangs out in sporting goods stores longer than usual. Secret phone calls to fishing pals. Mumbles to self.

Treatment is easy. Medication is useless. Disease is not fatal. Victim should sit down at once and write to Lloyd & Patsy Moen at New Moon Lodge and make a reservation for the coming season, and the sooner the better for the both of us, as we can give you better accommodations through early reservations.

We are making plans as all folks do, at the beginning of every new year, and one of our plans is to make our present kitchen and dining room larger and more comfortable for you to enjoy.

AROUND TOWN NEWS:

Our Highway 621 north from Highway 11 at Slesman, Ont., improves every year. They will widen it this spring, and take a few more of the bad curves out of it, also do some more black topping.

The government dock where we pick up our guests, will be enlarged this winter; also a new loading ramp for boats will be installed. All these help to make your trips to Lake of the Woods more pleasant.

As I bring this little news letter to a close, and while writing it my thoughts drift back through the summer and I think once again of the nice folks and the fun you all had and the enjoyment we had having you with us, our biggest wish for the new year is that each of you will return to New Moon Lodge again, and bring a friend you know would enjoy the kind of holiday you do. New Moon Lodge is a place you can all think of as home, and of us as folks who love to have you visit us. We recall the many evenings spent in the lodge over coffee, when the day's experiences are told of. As far as we are concerned there is no better way to end a perfect day and say "Good Night."

Our very best to you all, and may '61 be a very prosperous year. And as a closing reminder, drop us a line now as it's time to get those reservations in so we will be able to accommodate you.

Our little son, Dwight, joins us in saying "we are looking forward to a wonderful new season in which we will have all of you with us at New Moon Lodge."
